41 Pasadena Area Consortium

Fiscal Declaration - Consortium Approved**Consortium Name:** 41 Pasadena Area Consortium**Funding Channel:** Fiscal Agent**Fiscal Agent:** Pasadena Area CCD

Narrative: In recognition that the demographics and workforce demands of the area have changes since the adoption of the previous three-year plan, consortium members have undertaken a comprehensive, detailed review and discussion of the activities and initiatives targeted across the previous three years, with the directed goal of addressing the following areas of emphasis: 1) What program areas of emphasis were successfully and unsuccessfully met in the prior three year period, 2) What program areas will the consortium continue to emphasize for service to adult learners in the service area 3) What program areas will the consortium discontinue to emphasize for service to adult learners in the service area and 4) What are the key workforce sectors and lead service areas that will be addressed by the Consortium in the upcoming three-year period As the results of the discussions, the PAC Consortium members have multiple agreed to allocate funding to respond to the needs of adult learners in the key areas of Building Construction, Information Technology, Hospitality, and Entrepreneurship. While these represent key/lead areas of direction for the consortium, they are not the exclusive areas of engagement for the upcoming three-year plan. Consortium members will continue to facilitate the distribution of funds under the grant to best meet the goals of providing expanded adult education programs to a greater number of adult learners in the service area. Members have maintained consistent dialogue across the prior three years and through this collaborative and open process, the members have developed a sense of trust and mutual support to plan, share information and data, toward the commitment of serving identified needs of our adult learners. Pasadena City College (PCC) continue to serve as the consortium fiscal agent.
